

## Prairie Centre Credit Union adds one more reason to celebrate 2018!

**November 26, 2018**

2018 was a milestone year for Prairie Centre Credit Union (PCCU). Not only did they celebrate 25 years in business, they also launched their Member Rewards program where members can share in their profits instantly. Members who use the products and services available through PCCU can instantly qualify for an interest rate reduction on loans and interest rate incentives on PCCU investments. Those benefits can really add up for members who choose PCCU as their primary financial institution.

In November, PCCU added one more reason to celebrate this special year as they were selected as a Platinum Level AON Best Employer of Canada!

There are two levels of recognition for AON Best Employers in Canada – Platinum or Gold. To be recognized as a Best Employer, organizations need to perform strongly on employee engagement, leadership, performance culture, and employment brand.

Al Meyer, CEO of Prairie Centre Credit Union: "This has certainly been an exciting year for us and to be recognized at the Platinum Level from AON for Best Employer in Canada is truly an honor." Meyer adds, "This award would not be possible without the commitment and dedication from staff and our leadership team".

Prairie Centre Credit Union is Saskatchewan's largest rural credit union with over 150 staff in 14 locations throughout the province. The credit union serves over 15,000 members and approaching one billion in assets under administration.

The list of the AON Best Employers in Canada for small to medium size businesses, along with editorial features, is published in the November issue of Maclean's magazine as well as on CanadianBusiness.com.
